www.lowinfo.com

Lowinfo are leaders in the design and manufacture of contemporary concrete products. Every Lowinfo concrete product combines **robust durability with intricate and considered modes of production to innovate concrete fashion.**

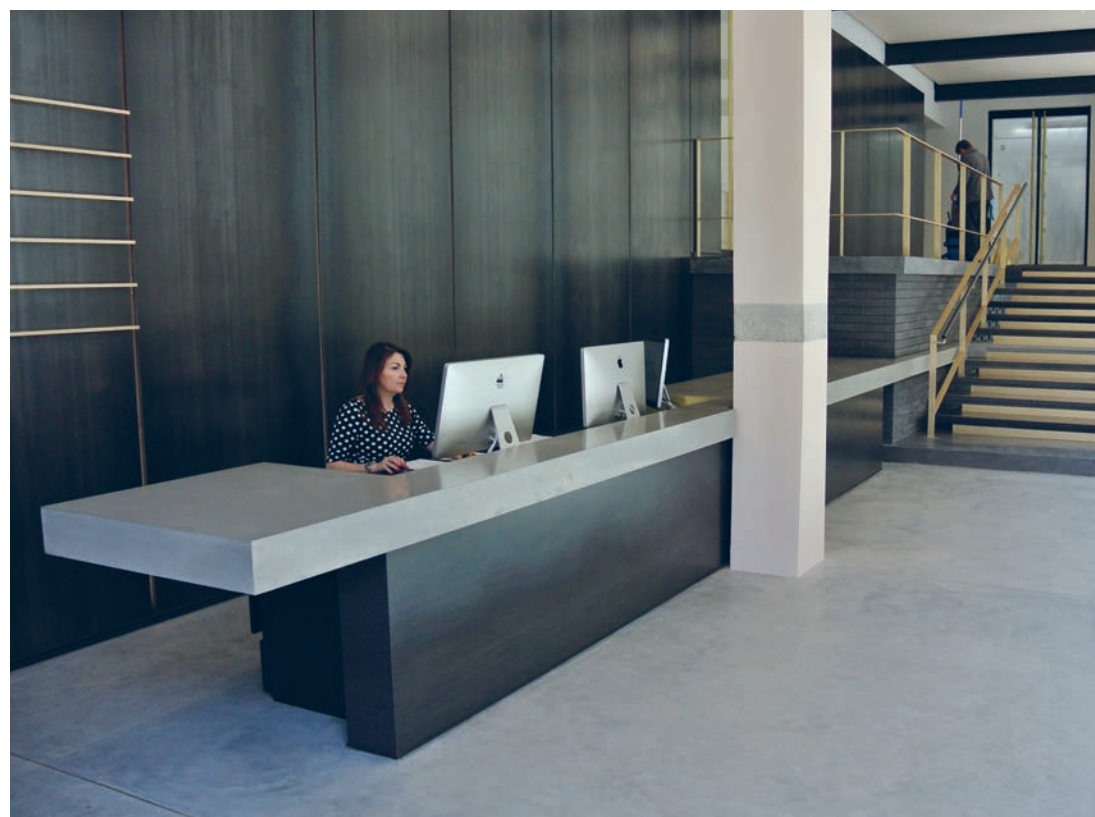

As a unique and versatile material, the inherent characteristics of the concrete establish an exclusive aesthetic using its distinct and organic qualities to create striking and sophisticated forms, tones, and textures.

Commercial.

Lowinfo create and develop custom concrete pieces suitable for all commercial projects, and can undertake projects of any scope. From reception desks and surfaces to, flooring, wall cladding and signage, Lowinfo are able to realise these designs whilst maintaining brand integrity within the concrete aesthetic.

For more information and enquiries about our commercial work please see lowinfo.com/commercial

Residential.

Lowinfo uniquely combine versatile and robust materials with efficient and innovative design to create an sophisticated aesthetic for domestic spaces. From custom concrete worktops, floor tiles, and furniture, to bespoke stair-treads, fire hearths and basins and sinks, Lowinfo are leading designers of concrete interior spaces.

For more information and enquiries about our residential work please see lowinfo.com/residential

Kast.

Kast by Lowinfo is a series of concrete basins designed to accentuate the desirable qualities of concrete through striking and sophisticated forms. Each basin is made to order providing clients with the unique opportunity to tailor the design to your individual scheme, brief, and lifestyle.
